

Let's Talk About it

Employee Assistance Program
Ben Gordon Center

We all may need additional help from time to time.....

The events over the past week have raised questions in the workplace, in classrooms, coffee shops, and around the dinner table. We all understand that our community is looking for solutions, coping skills and information on understanding others' reactions as well as our own.

AT the Ben Gordon Center we realize that the recent events have raised these issues in your business in your families and with you personally.

If we can be of additional service to you on the days, weeks and months ahead please do not hesitate to talk with your counselor or provider.

Should you find yourself in need of services our staff of caring professionals in Mental health and substance abuse counseling for adults, children, teens and Families are available to meet with you. We also offer walk-in services and a toll free number where you can and talk with one of our caring professionals at any time day or night.

Forward, together forward for our emotional health and wellbeing,

Call the Ben Gordon Center at 815-756-4875
